

WE HAVE A NEW LOOK!!

The Children's Aid Society of Brant is now

Brant Family and Children's Services.

Our new logo:

What is different and what is staying the same?

Our work with families to help keep children safe in their communities stays the same. What is changing is our name and logo.

Why did we change our name and logo?

Families and youth told us that we needed to change our look to better reflect the diversity of services that we provide in the Brant community.

What do the different parts of the new logo represent?

Roots of the tree: growth, nurturing, and connections to family & community

Tree: comfort, shelter, life and strength.

The *multi-coloured hands:* diversity of families and communities.
